VI International Exhibition and Conference ReBuild Ukraine

Author

ReBuildUkraine

The 6th International Exhibition and Conference ReBuild Ukraine Construction & Energy is an offline platform for recovery projects, materials, technologies, equipment and investments needed to rebuild Ukraine's war-damaged economy, with a focus on infrastructure, industry, energy and housing.

The event takes place on **12–13 November 2026 in Warsaw, Poland**. It brings together communities, energy and construction companies, investors, international financial institutions and government representatives.

Programme highlights:

- Official opening
- **European Union – Ukraine Investment Conference**
- **Energy conference** "Energy in Action: Building the Energy System That Works"
- **Recovery Construction Forum 5.0**
- **Solar BESS GRID Forum**
- **Water Recovery Forum**
- **Communities Marathon** and Aid & Development MeetUp
- **Ukrainian-Polish Business Forum** "Win-Win: Poland and Ukraine in the EU Single Market"
- Open workshops

Special exposition:

- **National Pavilion "Ukraine and Its Communities"** — participants include the communities of Vinnytsia, Dnipro, Ivano-Frankivsk, Kyiv agglomeration, Lviv agglomeration, Odesa, Kharkiv and others
- **National Exposition "Energy of Ukraine"**, supported by the Ministry of Energy of Ukraine — Energoatom, Naftogaz of Ukraine, Gas Transmission System Operator of Ukraine, Ukrenergo, Ukrhydroenergo, Centrenergo

Key visitors: construction and engineering companies, general contractors, architects and designers, developers, energy companies, manufacturers of energy and electrical equipment, local communities, government representatives, international financial institutions, donors and investors.

Opening hours for visitors:
12 November — registration from 08:30, exhibition open 09:30–18:00
